## SHABD SANSAR AUTHORS' CORNER

"Shabd refers to words as fundamental forms of expression, while Samsara represents the cyclic nature of all life, matter, and existence. This concept is a core belief in many Indian religions. Our experiences in the world are captured in the writings of various authors and poets. Shabd Samsara pays tribute to the wordsmiths—authors, poets, and storytellers from Bharat—who have championed the liberation of ideas for a progressive world."
